

AMBICA VOORAKONDA

Full Stack Web Developer

Profile Summary

A self motivated full stack web developer with passion on web development and with extensive knowledge in HTML, CSS, JS, and React JS, Node.js which I learnt at a coding boot camp. Using HTML, CSS and JS I have built Analog and Digital clocks. Designed my personal portfolio using HTML and CSS. I'm experienced in Git and GitHub. Looking for a entry-level position where I may expand and eager to learn new skills and help the organization in development and deployment of websites.

Experience

- 2021-10 - 2021-12 **Full Stack Web Developer**
CGCS-Anyone can code, Hyderabad
CGCS is a coding boot camp which offers the most advanced software development training meeting both industry demands and the latest standards. I learned HTML, CSS, JS and React which have become second nature to me.
